Description

Sayos is the northernmost city of the Kingdom of Vellairn. It is almost too small for a city but there is no settlement for miles that is even half as big as Sayos. Citizens from the capital often see Sayos as a provincial town but the citizens of Sayos are immensely proud of their city status and the fact that Sayos is also the seat of government for the entire northern province. Life in Sayos is hard, as the land is wild and hostile and running a farm there means fighting off the vegetation that overgrows fields and buildings faster than anywhere else. Some say that its proximity to the Demonscar is to blame for making this such a hostile place to live in.
